

Pyle PRJHD198

PYLE PRJHD198

Brief Introduction

Beta 2.5

The standard portable Pyle PRJHD198 LCD projector has 108 Ansi-Lumen, a contrast of 800:1 and a SVGA 800 x 600 resolution. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. As Pyle specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. An image width of up to 91 cm is possible. In room light, however, the image should be smaller. We recommend max. 61 cm. Furthermore, the projector can play 1080P without any problems. On the market since 2011, the model is no longer offered by the manufacturer Pyle.
