

Pyle PRJSD188

Brief Introduction

Beta 2.5

The Pyle model PRJSD188 is an LCD projector with SVGA 800 x 600 resolution and a contrast of 800:1. The projector also offers an integrated media player with which files can be played directly. As Pyle specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. A picture width of up to 91 cm is possible as the projector has 108 Ansi lumens. However, if room light is available, the picture should be max. 61 cm wide. Playing 1080P is also no problem for the projector. The projector was launched in 2011 and is no longer sold by the manufacturer.
