

Pyle Pro UPRJG95

PYLE PRO UPRJG95

A brief introduction to the Pro UPRJG95: The Pyle Game-Portable LED LCD projector offers 72 Ansi-Lumen, a contrast of 1500:1 and a WVGA 800 x 480 resolution. The manufacturer specifies an LED service life of 30,000 hours, which converts to over 20.5 years at 4 hours of use. The projector also offers an integrated media player that can be used to play files directly. The horizontal and vertical keystone correction provides leeway when setting up. As Pyle specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector will be able to illuminate an image width of 86 cm well. If room light is available, however, the picture width should ideally not exceed 57 cm. The projector has Airplay, Miracast Screen Mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via WLAN. It is also Full HD 1080P compatible. It was launched in 2016 and is no longer offered by the manufacturer Pyle.

Brief Introduction

Beta 2.5

Display Type

1 x LCD
WVGA 16/9 Liquid Crystal Display

Ansi-Lumen

72 / 1200 Lumen

32 Lux (bei 200 cm Screen)
