

Pyle UPRJG98

PYLE UPRJG98

The Pyle model UPRJG98 is a DLP LED projector with WVGA 800 x 480 resolution and a contrast of 2200:1. The manufacturer Pyle specifies a service life of 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. Since Pyle specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in the case. An image width of up to 106 cm is possible, as the projector has 108 Ansi lumens. However, if there is room light, the image should be max. 71 cm wide. The model is also Full HD 1080P compatible. It was launched in 2021 and is no longer offered by the manufacturer Pyle.
