

Ricoh PJ UHL5970

RICOH PJ UHL5970

A brief introduction to the Ricoh PJ UHL5970. The stationary DLP laser projector has a WUXGA 1920 x 1200 resolution and a contrast of 50000:1. The laser gives it a service life of 20000 hours, which is equivalent to over 13.7 years at 4 hours per day. Thanks to the brightness of 5000 Ansi lumens, an image width of 718 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 479 cm). Playback of 1080P and 4K (compressed) as well as 3D is also no problem for the projector, meaning that all Blu-ray formats currently on offer can be recognized by the projector. The model was built by Ricoh in 2020 and is no longer current.

Brief Introduction

Beta 2.5

Display Type

1 x 0,48" DLP Chip

WUXGA 16/9 Ti Digital Light Processing Chip
