

S2600 DLP

The first offering in the Home Cinema class from Sahara, has a brightness of 1000 ANSI Lumens and a contrast ratio of 1500:1 (typical) to ensure deep blacks and bright whites. At less than 33dB this quiet projector will be no distraction from your favourite films making it sure to be a popular addition to the Sahara range.

With manual zoom and focus, digital keystone correction, pan and zoom, and full colour management. A projection distance of between 1.5m and 10.0m ensures the S2600 continues the feature rich history of all Sahara projectors.

technical specification
