

Sahara Scout

Brief Introduction

Beta 2.5

The Sahara Scout LCD projector has 500 Ansi lumens, a contrast of 100:1 and an SVGA 800 x 600 resolution. Due to the lamp, the projector is specified with a lamp life of 500 hours, which converts to over 0.7 years at 2 hours per day. A picture width of up to 195 cm is possible. However, the picture should be smaller in room light. We recommend max. 130 cm. This model is no longer available from Sahara.
