

Sharp DT-5000 (USA)

SHARP DT-5000 (USA)

The DT-5000 (USA) DLP has 1000 Ansi-Lumen, a contrast of 12000:1 and a HDTV 1920 x 1080 resolution. With the lens shift function, the projector can be positioned very freely. The projector can illuminate a picture width of up to 321 cm well thanks to the 1000 Ansi lumens. In room lighting, however, the picture width should ideally be less than 214 cm. The projector can also display 1080P without any problems. This model is no longer offered by Sharp, but is still one of the very popular projectors.
