

# Sony VPL-EW578

SONY VPL-EW578

The standard portable Sony VPL-EW578 LCD projector has 5300 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The manufacturer Sony specifies a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours per day. The projector also offers an integrated media player that can be used to play files directly. The model offers a microphone jack plug and 16W speakers, so no additional audio devices are required for presentations or training courses. 5300 Ansi lumens ensure that a picture width of 740 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 493 cm. The model is also Full HD 1080P compatible. It was launched in 2017 and is no longer offered by the manufacturer Sony.
