

# Sony VPL SX536MBPAC

SONY VPL SX536MBPAC

With the VPL SX536MBPAC, manufacturer Sony offers an LCD projector with XGA 1024 x 768 resolution and a contrast of 2500:1. The projector also offers a lens shift function that makes image adjustment child's play. As the VPL SX536MBPAC is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training courses. A screen width of up to 477 cm is possible. However, the image should be smaller in room lighting. We recommend max. 318 cm. The projector offers an interactive whiteboard function for interactive training courses and presentations. This model is no longer offered by Sony, but is still very popular in our projector database.
