

TOPVISION Projector 9500

TOPVISION PROJECTOR 9500

Brief introduction of the TOPVISION Projector 9500. The LCD LED projector has an HDTV 1920 x 1080 resolution and a contrast of 12000:1. Due to the LEDs, the projector is specified with 120000 hours of light life, which is over 82.2 years if enjoyed for four hours a day. As TOPVISION specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. 243 cm picture width, the projector will be able to illuminate well. If room light is available, however, the picture width should ideally not exceed 162 cm. The projector has optional Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. The projector can also play 1080P and 4K (compressed) without any problems.

Brief Introduction

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

570 / 9500 Lumen

253 Lux (bei 200 cm Screen)

Contrast

12000:1 full on/off
