The TDP TW350 DLP projector from Toshiba has 3500 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. The integrated media player can play files directly. The horizontal and vertical keystone correction provides leeway when setting up. A picture width of up to 515 cm is possible as the projector has 3500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 343 cm. It was launched in 2006 and is no longer offered by the manufacturer Toshiba.
