

Vankyo Leisure L570B

With the Leisure L570B, manufacturer Vankyo offers an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 1000:1. The manufacturer specifies an LED service life of 30,000 hours, which equates to over 20.5 years at 4 hours of use. The horizontal and vertical keystone correction provides leeway when setting up. 144 cm picture width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 96 cm. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Playback of 1080P is also no problem for the projector.
