

Vankyo Leisure L570S

VANKYO LEISURE L570S

The Vankyo Leisure L570S model is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 20000:1. The manufacturer, Vankyo, states that the lifespan of the projector is 50000 hours, which, if you work out 4 hours a day, would be the equivalent of 34.2 years. Horizontal and vertical keystone correction allows for flexibility when setting up. 200 ANSI lumens ensure that a picture width of 144 cm is also possible. However, if room lighting is present, the picture should not be wider than 96 cm. Since the projector recognises Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra feature is the Bluetooth function, which allows the projector to be connected to external wireless speakers. Furthermore, it is Full HD 1080P and 4K (compressed) compatible.
