

Viewsonic LSC700-4K

VIEWSONIC LSC700-4K

Brief Introduction

Beta 2.5

A brief introduction to the Viewsonic LSC700-4K. The stationary LCD laser projector has a WUXGA 1920 x 1200 resolution and a contrast of 500:1. The manufacturer states a laser life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. Including a lens shift and keystone correction function, which provides freedom during installation. An image width of up to 702 cm is possible as the projector has 7000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 468 cm. Furthermore, the projector can play 1080P and 4K (compressed) without any problems and can even project Blu-rays onto the ceiling thanks to 360° projection.
