

Vigpil C12

VIGPIL C12

The Vigpil model C12 is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 20000:1. The service life is 30000 hours due to the LEDs, which is over 20.5 years with a daily viewing time of 4 hours. As Vigpil specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. Due to the brightness of 1200 Ansi lumens, a picture width of 352 cm is possible. In room light, the picture should be max. 235 cm wide. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Even 1080P and 4K (compressed) video signals are no problem for the projector.

Brief Introduction

Beta 2.5

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

300 / 20000 Lumen
