

VISULAPEX U2

VISULAPEX U2

The standard portable U2 LED LCD projector from VISULAPEX has 800 ANSI lumens, a contrast ratio of 10,000:1 and an HDTV 1920 x 1080 resolution. The service life is 30,000 hours thanks to the LEDs, which is over 20.5 years at four hours of enjoyment per day. A picture width of up to 249 cm is possible because the projector has 800 ANSI lumens. However, if there is room light, the picture should be no more than 166 cm wide. The model recognises Airplay, Miracast Screen Mirroring signals, so it is possible to play high-resolution videos and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. In addition, thanks to the Bluetooth function, the projector can be flexibly connected to other speakers. Video signals 1080P and 4K (compressed) are also no problem for the projector.
