

Vivitek DH976WT

VIVITEK DH976WT

The DH976WT 3D DLP has 4800 Ansi-Lumen, a contrast of 15000:1 and a HDTV 1920 x 1080 resolution. The built-in lens shift and keystone correction function provides freedom when setting up. A picture width of up to 704 cm is possible, if the picture width is smaller (we recommend max. 469 cm), rooms with residual light are also no problem. The model is also Full HD 1080P and 3D compatible. On the market since 2015, the model is no longer offered by the manufacturer Vivitek.
