VIVITEK DU3661Z

The Vivitek model DU3661Z is a DLP laser projector with WUXGA 1920 x 1200 resolution and a contrast of 20000:1. The manufacturer Vivitek specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The integrated lens shift gives freedom when positioning the projector. The projector is equipped with a microphone jack plug and 10W speakers, so no additional speakers are required for presentations or training sessions. The projector will be able to illuminate a screen width of 718 cm well. The projector can manage rooms with residual light with a smaller image width, we recommend a maximum of 479 cm here. Video signals 1080P and 3D are also no problem for the projector. This model is no longer offered by Vivitek.
