EAN/UPC:B0GWQKF4YP

VOPLLS S5

The VOPLLS S5 LED LCD projector has 1,800 ANSI lumens, a contrast ratio of 20,000:1 and an HDTV resolution of 1,920 x 1,080. Thanks to the LEDs, the projector has a specified light source lifetime of 30,000 hours, which equates to over 20. 5 years if used for 4 hours a day. Built-in horizontal and vertical keystone correction offers flexibility when setting up the projector. The 1,800 ANSI lumens ensure that an image width of up to 269 cm is possible. However, if there is ambient light in the room, the image should be no more than 179 cm wide. The projector supports AirPlay and Miracast screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. In addition, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. The model is also compatible with Full HD 1080p and 4K (compressed). At 30 decibels, the projector is very quiet in operation compared to other models.
