

WeWatch S1

WEWATCH S1

The WeWatch S1 LED LCD projector has 360 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The integrated media player can play files directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. A picture width of up to 193 cm is possible. However, the image should be smaller in room light. We recommend max. 129 cm. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. It is also Full HD 1080P and 4K (compressed) compatible.
