

Wimius K3

WIMIUS K3

Brief Introduction

Beta 2.5

The Wimius model K3 is an LCD projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. The integrated media player can play files directly. 450 Ansi lumens ensure that a picture width of 216 cm is also possible. However, if room light is available, the picture should be max. 144 cm wide. The model recognizes screen mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). It is also Full HD 1080P and 4K (compressed) compatible. The projector was launched in 2020 and is no longer sold by the manufacturer, but is still very popular in our projector database.
