

Wimius S4

WIM I U S 4

A brief introduction to the S4: The Wimius micro-portable LED LCD projector offers 280 Ansi lumens and an HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. The projector can illuminate images up to 170 cm wide thanks to its 280 Ansi lumens. In room light, however, the image width should ideally be less than 113 cm. As the projector recognizes screen mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. The model is also Full HD 1080P and 4K (compressed) compatible.

Brief Introduction Beta 2.5

Display Type

3 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display
