A brief introduction to the REF 1000: The Wolf Cinema stationary 3D DILA projector offers 6500 Ansi lumens and HDTV 1920 x 1080 resolution. 6500 Ansi lumens ensure that a picture width of 819 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 546 cm. Video signals 1080P and 3D are also no problem for the projector. The model built in 2012 is no longer offered by Wolf Cinema.

3 x DILA Chip
