

Wolf Cinema SDC 30

With the SDC 30, manufacturer Wolf Cinema offers a DLP projector with HDTV 1920 x 1080 resolution and a contrast of 5000:1. With the lens shift function, the projector can be positioned very freely. An image width of up to 880 cm is possible as the projector has 7500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 587 cm. Video signals 1080P and 3D are also no problem for the projector. The projector was launched in 2015 and is no longer sold by the manufacturer.
