The short-throw Mira 4K 3D DLP projector from XGIMI has 2500 ANSI lumen, a contrast ratio of 20,000:1, and an HDTV resolution of 1920 x 1080. Files can be played directly via the built-in media player. Thanks to the short-throw projection ratio of just 0.175:1, the projector doesn't take up much space in the room. To project a 2-meter-wide image, the projector needs to be positioned just 35 cm away from the screen. Since XGIMI specifies the projector's brightness in lumens, we've calculated an approximate
