The K8 LED LCD has 960 Ansi lumens, a contrast of 15000:1 and an HDTV 1920 x 1080 resolution. The lifespan of the LEDs is 30000 hours, which is over 20.5 years if enjoyed for four hours a day. The integrated media player can play files directly. The horizontal and vertical keystone correction provides leeway when setting up. As XuanPad specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. 315 cm image width, the projector will be able to illuminate well. If room light is available, however, the picture width should ideally not exceed 210 cm. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. It is also Full HD 1080P compatible.

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

960 / 16000 Lumen

15000:1 full on/off

0,0640 min. Lumen

HDTV 1920 x 1080
