Brief Introduction

Beta 2.5

The Yooyaa model 9000 Lumen is an LCD LED projector with HDTV 1280 x 720 resolution and a contrast of 8000:1. Due to the LEDs, the projector is specified with 30000 hours of light life, which converts to over 20.5 years at 4 hours per day. As Yooyaa specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. Due to the brightness of 540 Ansi lumens, a picture width of 236 cm is possible. In room light, the picture should be max. 157 cm wide. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. It is also Full HD 1080P compatible.
