

ZDK Smart Beamer 2026

EAN/UPC:B0H3971G6F

ZDK SMART BEAMER 2026

A brief introduction to the Smart Beamer 2026: The ZDK Standard Portable 3D LED LCD Projector offers 600 ANSI lumens, a contrast ratio of 2000:1 and an HDTV resolution of 1920 x 1080. Thanks to its LEDs, the projector has a specified light source lifetime of 30,000 hours, which equates to over 20.5 years if used for four hours a day. As the projector features horizontal and vertical keystone correction, it can be set up with plenty of space around it. The 600 ANSI lumens ensure that an image width of up to 249 cm is possible. However, if there is ambient light in the room, the image should be no wider than 166 cm. The model recognises AirPlay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. Another bonus worth mentioning is that the projector's Bluetooth function allows it to be connected to external wireless speakers. The projector also handles 1080p and 4K (compressed) video signals as well as 3D with ease, meaning it can recognise all currently available Blu-ray formats. Compared to other projectors, this one is very quiet, with an operating noise level of 30 decibels.

Brief Introduction

Beta 2.5

Display Type

1 x 2,69" LCD Panel
