

ZDSSY P92 Max

ZDSSY P92 MAX

Brief Introduction

Beta 2.5

The ZDSSY P92 Max LED LCD projector has 600 ANSI lumens, a contrast ratio of 10,000:1 and an HDTV resolution of 1920 x 1080. The manufacturer specifies an LED lifespan of 30,000 hours, which equates to over 20 5 years. As the projector features horizontal and vertical keystone correction, it can be set up with plenty of space around it in the room. An image width of up to 203 cm is possible, given the projector's 600 ANSI lumens. However, if there is ambient light in the room, the image should be no more than 135 cm wide. The projector supports DLNA, AirPlay, Miracast screen mirroring, which enables high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. In addition, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. The model is also compatible with Full HD 1080p and 4K (compressed) compatible.
