

# Zoomcat C10

ZOOMCAT C10

The C10 at a glance: The Zoomcat Micro-Portable LED LCD Projector offers 500 ANSI lumens, a contrast ratio of 25000:1, and HDTV 1920 x 1080 resolution. Thanks to its LEDs, the projector has a light life of up to 30,000 hours, which equates to over 20.5 years at 4 hours per day. The projector is equipped with an integrated media player, so direct playback of files is no problem. The brightness of 500 ANSI lumens allows for an image width of 227 cm. In room lighting, the image should be a maximum of 151 cm wide. Google TV turns the projector into a smart entertainment center with countless functions. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Even 1080P and 4K (compressed) video signals are no problem for the projector.

## Brief Introduction

Beta 2.5

## Display Type

1 x LCD TFT Panel  
HDTV 16/9 Liquid Crystal Display

## Ansi-Lumen

500

222 Lux (200 cm Screen width)

## Contrast
